

# The Episcopal Church in Wyoming

## **Licensing and Renewing Licenses**

Licensing of Worship Leaders, Eucharistic Ministers, and Eucharistic Visitors is the responsibility of each congregation.

To re-license any of these ministries, all present licensees are requested and encouraged to complete a refresher training workshop regarding their particular ministry. Any new licensees will be required to complete training and education as described in the document "Guidelines for Lectors, Worship Leaders", or "Guidelines for Eucharistic Ministers, and Eucharistic Visitors".

To obtain the licenses, each congregation will need to send a list of names, verifying training and education, to the Bishop and the COM. This verification should come from the vestry, and the priest or deacon (whoever provides the training). After review by the Bishop, signed licenses for each licensee will be sent to the congregations, and a commissioning rite shall be held during a Sunday worship service. All licenses shall be in effect for a period of 3 years.
