

There are 6 videos in this series arranged into 6 sessions.  
Each session has the same structure.

The links to the YouTube videos and printouts of the Discussion Guides can be found under each session or on the Continuing Ed Webpage: <https://www.episcopalwy.org/continuing-education>

Step 1 - Open with Prayer: This prayer is the same each session

Step 2 - Watch Video, pausing for discussion

If you find a video needs more than one session, you are welcome to structure that for your group as you think is appropriate. These videos are of our speakers at the Diocesan Convention in October of 2021. Each talk lasts 40 minutes to an hour without any interruption. You can expect each session to last for 90 minutes or so depending upon the amount of discussion by your group.

Pauses have been suggested for the videos in opportune places for discussion. The timestamps for those pauses are listed on each individual discussion guide.

You are welcome to pause at any place in the video as seems useful for your group's interaction. The length of each speaker's talk makes pausing mid-video more conducive to discussion; waiting until the end may make it difficult to recall what was said earlier in the video.

Each session includes suggested questions for inspiring discussion.

You may use any of the questions that seem appropriate for your group. You do not have to use them at all, especially if discussion flows on its own.

Step 3 - Close with Prayer: This prayer is the same for each session.

Please schedule breaks and offer food and drink, as you see fit.

*You may find that subjects for deeper discussion arise during these sessions.*

*You are encouraged to continue these discussions past the end of this study series and into the future.*
